HALOGEN ENERGY SAVER CLASSIC BW

HALOGEN ENERGY SAVER Classic BW

Economical halogen in mini globe shape

Apart from the economical halogen lamp in classic and candle shape, OSRAM offers a lamp in the shape of a twisted candle, the HALOGEN ENERGY SAVER CLASSIC BW. This lamp will give due to its ornamental shape to many luminaires a special decorative touch, especially to crystal lights and other decorative wall lights, ceiling lights and floor lamps.

Thanks to the screw base you can quickly and easily replace your ordinary light bulbs with beautiful halogen light. And the biggest winner is the environment with 30% energy savings compared with an ordinary light bulb – lasts twice as long and is 100% dimmable. This lamp is particularly kind to the environment as it can be thrown away with normal household waste.
