HALOPAR 16 ECO

HALOPAR 16 ECO

Energy-saving halogen light without a transformer

HALOPAR 16 from OSRAM is an innovative halogen reflector lamp for line voltage. These lamps are ideal for modern small and stylish halogen luminaires and are the counterparts to DECOSTAR low-voltage reflector lamps. Lower thermal output means complete new luminaire designs are possible. The new extremely eco-friendly HALOPAR 16 ECO lamp also offers energy savings of 20%.
