HALOGEN ENERGY SAVER

Climate protection in a new light

Friends of the classic light bulb and beautiful light can be relieved. Even if the EU has decided recently, to phase out successively this lamps, there is still a brilliant alternative: HALOGEN ENERGY SAVER lamps from OSRAM, the perfect combination between beautiful light and energy saving.

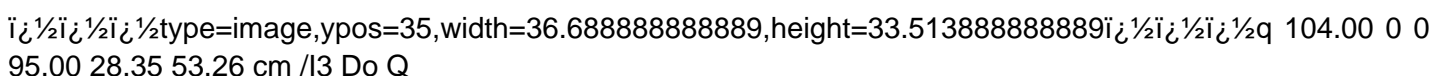

Other energy saving alternatives often loose some light quality - not HALOGEN ENERGY SAVER lamps: they have all the benefits of high-quality OSRAM halogen lamps. They provide atmospheric light and last twice as long as ordinary light bulbs. Furthermore they are 100% dimmable and with energy savings of up to 30% they also make an active contribution to environmental protection – not to mention all the money you will save. With HALOGEN ENERGY SAVER lamps from OSRAM, less efficient light bulbs can be directly replaced - without difficulty. It has never been easier to switch over to climate protection. Whether classic light bulbs, candle lamps, drop lamps or spotlight lamps just unscrew them and screw in HALOGEN ENERGY SAVER lamps.
